Do you trust the publisher of this remote connection?

This remote connection could harm your local or remote computer. Make sure that you trust the publisher before you connect.

Publisher: remote.morpeth.towerhamlets.sch.uk
Type: Remote Desktop Connection
Remote computer: remote.morpeth.towerhamlets.sch.uk
Gateway server: remote.morpeth.towerhamlets.sch.uk

☐ Don't ask me again for remote connections from this publisher

Show Details   Connect   Cancel

Windows Server 2012 R2   Microsoft

8. Click on Connect. If it asks for credentials, again you will need to put **BSFADTH** followed by your username and password

9. Your screen may go blank for a couple of minutes the first time you login. Subsequent logins should be faster. Your desktop will appear as how it would look on the Morpeth network. You will have access from the desktop to My area/Staff Shared area/Pupil Shared area as normal
